

Training and audit costs, with interrupted work kept visible

● Backbone seed 97 ■ Backbone seed 109 ▲ Backbone seed 127 ◆ Three-seed mean

v2 logged update time and completed-fit time overlap. Its terminal wall time is unknown; earlier v1 and other work are not totaled here. Shared-host measurements include concurrent workloads. This quality/replay experiment establishes no isolated latency or speed claim.

EXPOSED DEVELOPMENT PANELS | No independent confirmation, Elo or gameplay claim
